

THE HEALING SCHOOL

TORUNN ANTHONSEN | EST. 2018

Healing is a powerful, natural, and gentle treatment method that activates the body's own self-healing system. Healing is an ability that all people possess to some extent. At The Healing School we deepen your understanding of healing while unleashing your own healing abilities and increase insight into your own processes.

Schooling goes over four weekends with some homework, for a total of 150 hours.

You will gather five approved client evaluations by the time you finish which will help you get approved by the Norwegian Healing Society. A diploma will be provided once the course has been completed and passed.

If you don't have the VEKS-course from before, a 5th study weekend will be held
Ingunn Brattlid over Zoom.

Deepen your understanding of healing and unleash your healing abilities while increasing insight into your own processes.
